& Webinar  
Charlotte NC**

**INSTRUCTOR WILL PRESENT REMOTELY**

**Co-sponsored by Charlotte AHEC and  
The University of North Carolina Eshelman School of Pharmacy.**

**Target Audience:** Pharmacists

**Goal:** This knowledge -based CPE activity will provide the healthcare professional with a better understanding of the 2019 ADA Guidelines and recent primary literature about medication regimens for patients with type 2 diabetes. It will enable them to make more informed, patient-centered decisions and recommendations in patients with type 2 diabetes.

### **Pharmacist Course Objectives:**

At the completion of this knowledge-based activity, the participant should be able to:

1. Identify the changes in goals and treatment recommendations present in the 2019 ADA Standards of Care
2. Describe the new treatment options available for type 2 diabetes
3. Compare and contrast the available treatment options in light of available safety, efficacy and cardiovascular outcomes data.
4. Discuss a patient-specific treatment plan that accounts for safety, outcomes and patient preferences and characteristics thru a patient case study.

### **Registration:**

Participants must sign in at the registration table before the start of the program. Registration and check-in will begin at 5:30 pm. Webinar participants may check into the virtual meeting space by 6:00 pm. The course begins promptly at 6:30 pm and ends at 8:30 pm with the course schedule and costs as follows:
