**6:30 pm to 8:30 pm**

**Webinar**

**Charlotte NC**

**Instructor will present remotely**

***Co-sponsored by Charlotte AHEC and  
The University of North Carolina Eshelman School of Pharmacy***

### **Target Audience**

Pharmacists

### **Goal:**

This knowledge -based CPE activity will provide the healthcare professional with a better understanding of the 2021 ADA Guidelines and recent primary literature about medication regimens for patients with type 2 diabetes. It will enable them to make more informed, patient-centered decisions and recommendations in patients with type 2 diabetes.

At the completion of this knowledge-based activity, the participant should be able to:

### **Pharmacist Course Objectives:**

1. Identify the changes in goals and treatment recommendations present in the 2021 ADA Standards of Care
2. Describe the new treatment options available for type 2 diabetes
3. Explain available treatment options in light of available safety, efficacy and outcomes data.
4. Given a patient case, outline a patient-specific treatment plan that accounts for safety, outcomes and patient preferences and characteristics.
