

Managing Diabetes in Older Adults

Tuesday, March 30, 2021

6:30 pm to 8:30 pm

Charlotte NC

Webinar

***Co-sponsored by Charlotte AHEC and
The University of North Carolina Eshelman School of Pharmacy***

Target Audience

Pharmacists

Goal: This knowledge-based CPE activity will assess the balance of harms and benefits for the multitude of available diabetes drugs is especially challenging in older adults. This session will offer practical pearls for managing diabetes in a population that is frequently overlooked and underrepresented in drug trials.

At the completion of this knowledge-based activity, the participant should be able to:

Pharmacist Course Objectives:

1. Compare and contrast available guidelines for treatment of diabetes in older adults.
2. Discuss advantages and disadvantages of various medications used for the treatment of diabetes in older patients.
3. Explain different means of monitoring glucose patterns in older adults with diabetes.

Instructor(s): Tasha Woodall, PharmD, BCGP, CPP
