RESULTS NC

Provided by North Carolina Area Health Education Centers (NC AHECs)
In collaboration with the NC DHHS/Division of Public Health (DPH)
and the Foundation for Health Leadership & Innovation (FHLI)

Results-Based Accountability™

Results-Based Accountability™ (RBA) is a disciplined way of thinking and acting to improve entrenched and complex social problems. Communities use RBA to improve the lives of children, youth, families and adults. It is also used by organizations to improve the effectiveness of their programs and services.

This RBA curriculum is developed by the NC AHECs, in collaboration with DPH and FHLI to build RBA capacity in North Carolina. [Healthy North Carolina 2030 \(HNC 2030\)](#) and the [North Carolina State Health Improvement Plan \(NC SHIP\)](#) inform the activities and the examples used in this course. Participants will gain knowledge in the RBA framework and skill in applying key concepts.

ACHE

As an independent chartered chapter of the American College of Healthcare Executives, Triangle Healthcare Executives' Forum of North Carolina (THEF) is authorized to award 10 hours of ACHE Qualified Education credit toward advancement or recertification in the American College of Healthcare Executives. Participants in this program who wish to have it considered for ACHE Qualified Education credit should list their attendance when they apply to the American College of Healthcare Executives for advancement or recertification.

"Trying Hard is Not Good Enough" by Mark Friedman

A copy of the book will be provided to all participants. Familiarizing yourself with the book, especially chapters one and two, will accelerate your learning. Participants are encouraged to register early in order to receive the book prior to the course.

Who Should Attend

People who lead and support initiatives to improve the lives of people in North Carolina, including community-based organizations, healthcare systems, health departments, community activists, and others.

Due to the participatory nature of this workshop, a computer with audio and video capabilities is required.

Objectives

At the completion of this course, participants will be able to:

- Describe the core concepts of Results Based Accountability™.
- Distinguish between population indicators and program performance measures.
- Apply turn-the-curve thinking to equity-centered community health work.
